HOSPITAL SITE —OLD FAIR GROUNDS

Commissioners Issue Order Today
Providing This Fact Shall be
Printed on Ballots

SPECIAL ELECTION FEB. 25

Also That Cost Shall Not Exceed
\$100,000 and Maintenance Tax
2 Mills On Dollar

The proposed county hospital, if it is approved at the special election to be held February 25, will be located on the site of the old Rush county fair grounds, according to an order of the county commissioners at a special meeting today, and its cost shall not exceed \$100,000.

The ballots for the election were ordered prepared by the county auditor and the election commissioners, and they shall state, according to the board's order, that the hospital shall not cost more than \$100,000 and the tax rate for maintenance shall not exceed two mills on the dollar.

The board this morning approved two road petitions for the building of macadam roads and instructed the auditor to advertise for bidders March 3. One of the proposed highways is in Jackson township and is known as the Chester Cross et al. highway. The other is known as the Fred McManus et al. highway and is located on the Center-Jackson township line.

The commissioners were understood to have under consideration this afternoon the petition of Wilard Tribbey and others for a cement road seven-eighths of a mile long, running north and south through Arlington. If approved, the permanent highway will begin at the intersection of what is known as the Brookville road and run north seven-eighths of a mile to a point north of Arlington on the pike running to Carthage.

The law passed by the legislature in 1918 giving counties the authority to hold special elections on the question of the erection of county hospitals, provides that the ballots shall set forth the place where it is proposed to erect the hospital; the amount of money proposed to be expended in the purchasing or building of said hospital; the amount proposed to be levied by taxation annually for the maintenance of such hospital; and following such description there shall be printed two squares with words as follows: In the first square the word "Yes," and following it the words: "For the hospital"; in the second square the word "No," followed by the words, "Against the hospital."

"If a majority of the votes cast at any such election," continues the law, "be found to be in favor of the establishment of such hospital, such board of commissioners shall enter an order establishing such hospital and authorizing the purchase or building of such hospital, fixing the amount to be paid therefor and also fixing the amount of tax to be levied upon the assessed property of said county for maintenance thereof, which tax shall not exceed two mills on the dollar for a period of time not exceeding twenty years; and may provide for the issuing of county bonds to provide funds for the purchase of a site or sites and the erection thereon of a public hospital buildings and for the support of the same."

PNEUMONIA IS FATAL

Henrietta, twelve-year-old daughter of Mr. and Mrs. Otto Floyd living on East Eighth street, died this morning at 6:30. Death was caused by pneumonia which followed the influenza. She leaves a father, mother, four brothers and four sisters. The funeral services will be held at the home Wednesday morning at ten o'clock with burial in East Hill cemetery.

SOLDIERS DAY OBSERVED

Special Services Are Held at Two Churches Here Sunday

Soldiers Sunday was observed at the First Presbyterian and Main Street Christian churches yesterday and special efforts were made to have returned soldiers present. A special program was given at the Christian Sunday school in the morning and the pastor preached a sermon on the subject, "The Flag We Float," appropriate to the occasion. The Rev. D. Ira Lambert spoke at the special service for soldiers at the First Presbyterian church in the morning and a special musical program was given. Both churches were appropriately decorated for the occasion.

PIONEER WOMAN OF RUSH COUNTY DIES

Mrs. Rebecca Conner, Age 91, Resident of Noble Township for 80 Years, Expires at Connersville.

BURIAL TO BE HERE TUESDAY

Mrs. Rebecca Conner, age ninety-one years, a pioneer resident of Rush county, died last night at eight o'clock of paralysis at the home of her son, J. M. Conner, in Connersville. S. C. Conner of Des Moines, Iowa formerly of this city, was at her bedside when she died, having reached Connersville Sunday morning.

Mrs. Conner was born in Noble township in 1828 and lived there for eighty years, having left the old homestead in 1908 when her husband, the late David Conner died at the age of eighty-five years. Mrs. Conner lived in Rushville for five years and during the last five years of her life resided at the home of her son in Connersville.

The funeral services will be held at the residence in Connersville where she died tomorrow afternoon at 1:30 o'clock and burial will take place in East Hill cemetery here about 3:30 o'clock. The two sons are the only survivors.

PUTS PROHIBITARY TAX ON DOGS IN STATE

Ratts Bill, Which Would Reduce
Losses of Sheep Raisers, Taken
up in Senate Today

AMENDMENT FOR TAX OF \$5

(By United Press.)

Indianapolis, Jan. 27.—The senate on meeting this afternoon following the week-end recess took up the Ratts bill, which is designating to place a prohibiting tax on dogs. The bill which is backed by the sheep raisers of the state, as originally drawn would place a tax of \$2.00 on the first dog and \$3.00 on every additional dog.

Senator Munton introduced an amendment which would increase the tax to \$5.00 on the first animal and \$10.00 on every additional one. Sentiment among senators seemed to be in favor of placing the tax as high as possible. Senator Ratt submitted figures showing the thousands of dollars of loss which was caused in the state by sheep killing dogs.

The senate considered the Maier resolution providing for reclamation of swamp lands.

LUXEBURG BODY FOUND.

Amsterdam, January, 27.—The body of Rosa Luxemburg, the Spartan leader who was killed by a mob recently, was found in the Landwehr canal, according to a report from Berlin. The body was terribly mutilated. The news, it is said, is being kept secret for fear of anarchistic reprisals.

ASSESSORS FACE DIFFICULT TASK

Will Have to Familiarize Themselves
With New Bill Quickly if it
is Passed

MANY RADICAL DEPARTURES

Because Changes Are Likely, No
Schedules Have Been Sent Out
—Assessing Begins Mar. 1

The assessing machinery of Rush county, with the assessing period to being in about a month, is literally "up in the air" because it is not known whether or not the legislature will change the state law. If the new tax bill which has been presented to the legislature, is passed there will be many radical departures from the old customs of assessing which have been practiced for years, and as assessors are at a loss to understand how the can familiarize themselves with the terms of the new law in time to begin March 1.

The task will be doubly difficult this year because real estate will be assessed. This form of taxable property is appraised only every four years. It has been the custom to take real estate at from a fourth to fifty percent of its market value. Most farm land in the past has been assessed at forty or fifty dollars an acre. The difficulty confronting the assessors is better understood when it is remembered that if the tax bill is passed in the form it has been introduced, real estate will be taken at its true cash value.

Even though the law is not changed, farmers are complaining that this is a poor time to assess real estate as the basis for paying taxes for four years. Their complaint is based on the fact that the price of real estate is exceptionally high and their belief that it will be lower before it is again time to assess land.

Not only real estate, but personal property as well will be taken by the assessors at its true cash value if the new tax bill becomes a law. Heretofore, there has been a sort of an agreement, arranged by the state tax commissioners, for all Indiana assessors to assess personal property at seventy-five percent of its fair market value. It was scarcely ever been the rule, however, that personal property has been assessed that high.

Assessors of the county can not come to any agreement about the appraised value of staple articles classed as personal property because the state board of tax commissioners has not yet issued a schedule for the use of the assessors and probably will not until some disposition is made of the new tax bill.

The schedule in the new bill makes many changes. There are only ninety items listed, for example, as compared to one hundred and twenty-nine items on the schedule used for the last several years. On the old schedules there are four classes of mules and four classes of horses, but the schedule in the new bill gives only one class for horses and mules combined. Where there were four classes for cows in the old schedule, there are only two in the schedule in the new bill. Similar changes are made on other items so as to make thirty-nine less items on the proposed schedule.

SHIP BUILDERS STRIKE

London, Jan. 27.—Nation wide ship building strike was underway in Great Britain and Ireland today. All industries were being rapidly tied up by sympathetic strikers. The city of Belfast was practically paralyzed by the general strike caused by the walk-out of 40,000 ship yard employees, who demanded a 44-hour week. Twelve thousand ship builders in London walked out today asking for increased wages.

WILSON CONFERS WITH SAM GOMPERS

Greek-Turkish Church Presents Re-
quest to Conference—German
Colonies Discussed

(By United Press.)

Paris, Jan. 27.—President Wilson conferred at noon today with other members of the American peace delegation and Ed Hurley and Samuel Gompers, presumably about international labor legislation. The conference was at American headquarters.

The associated powers were asked by the Greek-Turkish Orthodox church today to eliminate the Turks from Europe and establish self-government for Greeks, Armenians and Arabs, who have been under the Turk yoke.

The recommendations were included in a memorandum presented to President Wilson and other leaders at the peace conference by a special messenger of Monsignor Dorotheos, patriarch of the church. He pointed out that under Emperor Constantine the country adjacent to Constantinople, including the city itself, contained 16,000,000 Greeks, only 3,000,000 of whom remain today because of the systematic extermination by the Turks.

The Supreme war council was understood today to be considering disposition of German colonies and other territorial questions.

The smaller nations were ready to select their five delegates on each of the special committees created Saturday. The league of nations was generally accepted as the most important of these.

Working alongside this commission will be an unofficial organization, the allied societies for the league of nations. It held its first meeting last night and intends to continue in session throughout the peace congress, furnishing a clearing house for information to assisting official committee.

The abolition of conscription and the economic reconstruction of Germany were other considerations which the council was expected to refer for further study to committees of especially qualified men.

There appears every prospect that the peace conference will make rapid progress with the work of fixing the peace terms for Germany, as the conference appears to have gotten into its stride. A high French diplomatic authority is quoted by the Paris edition of the London Daily Mail as estimating that the conference will have the peace terms ready for submission for ratification by the various national governments between the middle and the end of March. If this is accomplished, the German delegates will be summoned to Paris early in April for the conclusion of the peace.

Delegates of the small nations were to meet late in the afternoon to select their representatives on committees provided Saturday for the study of the most difficult problems before the congress. The commissions on which the smaller powers will have representation will investigate and report on the responsibility of the authors of the war, the amount of reparation and methods of payment, international regulation of labor problems, and the internationalization of waterways.

London, Jan. 27.—Allied forces consisting principally of Americans and Russians have retired slightly before the Bolshevik advance on the Shonkursh front, it was announced today through an official communication from Archangel.

STEEPLE JACK PAINTS POLE

G. C. Winders at Work on Peoples
National Bank Building

G. C. Winders of Cambridge City, a steeple jack, was the object of the gazes of scores of people in the downtown district of the city this afternoon when he scaled the flag pole on the Peoples National bank building and began painting it. Winders will be remembered for his work here a few years ago when he placed a new pulley on top of the flag pole on the court house and then painted the pole. That task was a much more hazardous one than that performed today. Winders was in the service for sixteen months and was only recently discharged.

FEARED PRUSSIA MAY CONTROL GOVERNMENT

Latest Reports Disclose Majority
Socialists Will Not be Able to
Control Convention

DIVISION SEEMS PROBABLE

(By United Press.)

Berne, Switzerland, Jan. 27.—Fear that Prussia may be able to put through a form of government for new Germany at the coming national assembly at Weimar, which will enable her to dominate the new nation as she dominated the old empire, may lead to a serious division between delegates from north and south Germany. This position was indicated in a dispatch received here today.

Latest reports from Berlin show the majority socialists will not have seats to control the convention even if the independent socialists return to the Ebert-Scheidman fold, as expected.

Both majority socialists and centrists are bidding strong for support of the democratic delegation.

1,800,000 STILL OVERSEAS

(By United Press.)

Washington, Jan. 27.—Within six months all of the American soldiers who are now in France will be returned to the United States except those left for joint police work with allies, General March, chief of staff, told the house military committee today.

March said there were 1,800,000 American troops abroad. The troops will come home at the rate of 300,000 a month. He also told the committee that by March 1, 785,000 men remaining in camp in the United States will be demobilized except for the few needed to care for the cantonments.

"FLU" EPIDEMIC ABATING

Malady Improves at Milroy and
Schools Will Open Monday.

The influenza malady in the vicinity of Milroy seems to be abating as reported this morning. There had been some talk of closing the schools until the next school term but it was stated today that school would be continued next Monday as the danger was thought to be past. Although there are still several cases of the "flu" in Milroy and vicinity few new cases are being reported.

One new case was reported here this morning, Mrs. Harry Myers of North Harrison street.

FOUR TOWNSHIPS REACH THEIR GOAL

Ripley, Walker, Washington and
Anderson Pass Quotas in Ar-
menian Campaign

RUSHVILLE RAISES \$1,312

Mass Meeting Here is Addressed by
Capt. C. K. Morse—Homer and
Manilla Meetings

With four townships surpassing their quotas in the Armenian-Syrian relief campaign and many other townships approaching their goal, the drive in Rushville county bids fair to be a big success at the very outset.

After the mass meeting at the Main Street Christian church Sunday afternoon, Rushville township was only \$188 short of its allotment of \$1,500 and the east half of Walker township came close to doubling its apportionment at a mass meeting at the Homer Christian Union service last night pledging \$261 which means that to all intents and purposes the whole township is over the top because a union meeting at the Manilla Christian church last night was productive of \$46.50 in cash, besides a number of pledges which are yet to be reported. This makes \$307.50 actually raised in Walker township with a quota of \$300.

Ripley, Washington and Anderson townships have already passed the mark. The last two named paid their assessment out of their war funds and Ripley township has reported to the county chairman that more than \$500 has been raised. The township's quota is \$450.

Walter E. Frazee, county chairman for the drive, spoke at the union meeting at the Christian Union church at Homer last night and was instrumental in causing the east half of Walker township almost to double its share of the township's allotment. The meeting at the Manilla Christian church was addressed by F. W. Sumner.

The sum of \$1,312 was pledged at the mass meeting at the Christian church here yesterday afternoon following the address by Captain C. K. Morse of the 4th Canadians. There is little doubt but that the remainder of Rushville township's portion will be contributed in a few days.

Capt. Morse dwelt for the most part on the war, leading up to a short talk on the campaign for the starving and persecuted peoples of the near east.

"The appeal is to all of us," he declared near the close of his address. "There are Catholics, Jews and Christians among these persecuted people and they all need our help. In coming to their assistance, we need the same vision which prompted us to co-operate and support the men who fought and gave their lives for their country."

"I have spoken of the way the people in the war-torn countries and others affected by the war have suffered," the speaker said, "While these people have suffered much, there was one theatre of the war for which the most suffering has been reserved—those who were under the domination of the unspeakable Turk."

Capt. Morse explained that there were two million Armenians before the war, scattered throughout the Holy Land, but that there number had been greatly reduced by the persecutions of the Turk.

"When Turkey entered the war," he continued, "she made that an excuse for wiping out a race which had outlasted her and of which she was envious. Their greatest crime was that they were Christians."

Capt. Morse recalled some of the methods employed by the Turks to extinguish the race. He said it was

HOW TO SAVE ON SHOES

"Out of curiosity I tried a pair of Neolin Soles," writes W. P. Macartney of St. Louis, "and today, after five months of hard service I fail to notice any real signs of wear on them."

This statement points the way to real economy in shoes. What your shoes cost, by the year, depends largely on how the soles wear and Neolin Soles do wear a very long time. Moreover, they are exceedingly comfortable and waterproof—scientifically made to be exactly what shoes should be and so worn now by millions.

They are available everywhere on new shoes and for re-soles. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

Thrifty Ben Franklin Entitled to Honor, as Residents of Philadelphia Are Well Aware

ONE ITEM OF THRIFT OF HIS
Franklin Made Request of \$25,000 to Make Loans to Young Married Artificers

(By United Press.)

Philadelphia, Jan. 26.—Residents of this city realize well why Ben Franklin's picture appears on the 1919 W. S. S.

One item of the versatile printer's thrift has given many Philadelphians ready money when it was badly needed, and now nets the city at large a handsome little building.

Franklin made a bequest of \$25,000 known as the "Dr. Franklin Fund for Loans to Young Married Artificers." The bequest was made in 1790, and in making it, Franklin looked 200 years ahead, estimating what the total would be in 1890 and 1990.

By his process of calculation, Franklin estimated the fund would be \$665,000 at the end of the first 100 years, but it fell far short of this figure, reaching but \$89,883.95.

Several reasons are advanced for the failure of the fund to reach the amount Franklin had expected in 1890, but the principal one is that the "young married artificers" failed to borrow as often as he had expected, due probably to the restrictions. Later the restrictions were made less drastic in an effort to get the money out to borrowers, with the result that less attention was paid to character and responsibility and frequently the loan and interest were both lost.

The terms laid down by Franklin were characteristic. They were dictated by sound business judgment. He decreed that the loans should not be more than sixty pounds sterling, nor less than fifteen pounds. Borrowers were required to pay each year interest at five percent together with ten per cent of the principal until the loan was paid off. It was with the expectation that the entire fund would be kept busy that Franklin made his estimates of what the total would be in 102 years.

Franklin did not intend the entire fund to be continued for loans after 1890, but that in that year 100,000 pounds be turned over to the city of Philadelphia to "bring the waters of the Wissahickon Creek to the city and for public improvements, such as aqueducts, fortifications, etc."

In 1907, the Board of City Trusts, which was custodian of the Franklin fund, turned over the money, about \$133,000, to the Franklin Institute, for use by the latter institution in its fund to erect a memorial building on the new Philadelphia Parkway in memory of Franklin.

WORD RECIEVED FROM WAG. EVERETT M'HENRY

Now in Chaumont, France Serving in the Capacity of an Automobile Driver.

PERSHING HIS PASSENGER.

Word has been received by friends of Wagoner Everett McHenry who is stationed at Chaumont, France with the general headquarters company, serving in the capacity of an "auto driver." Wag. McHenry states that he is driving a six cylinder car and has been privileged to drive over the front and has visited many noted places.

He says that they drive between forty and fifty miles per hour and are called upon to drive 150 and 200 miles a day. He also states that President Wilson visited their headquarters on Christmas day. Wag. McHenry has had the pleasure of having General Pershing as a passenger several times. He states that he is well and patiently waits the opportunity to return to the States.

Wag. McHenry is the son of Jesse McHenry of Richland township and was the first Rush county draftee to land on foreign soil.

PUNY, WEAK BOY

Made Strong and Well by Vinol Why it is Best For Children

Williamson, W. Va.—"My little boy was weak puny and tired all the time, did not want to do anything. Vinol was recommended and it has built up his strength and made him healthy."—Harley Clay, Williamson, W. Va.

The reason Vinol was so successful in this case, is because it contains beef and cod liver peptones, iron and manganese peptonates and glycerophosphates the very elements needed to build up a weakened, run-down system make rich, red blood and create strength. CONFERENCE OF LOAN OFFICIALS CALLED

Lewis B. Franklin of Washington Will Give The Official Message to The Conference

OUTLINE FINANCIAL PLAN

Indianapolis, Ind., Jan. 27.—Executives of the Indiana Liberty Loan organization have been called into a conference of the Seventh Federal Reserve district loan workers, at Chicago, Wednesday, January 29th. In addition to the representatives of the group of headquarters workers, it is expected that a large number of county sales chairmen, women workers and others will be present at the Congress hotel to hear an official message from Lewis B. Franklin, of Washington, who is federal director of the war loan organization.

Mr. Franklin will outline the government's financial program, especially in connection with the fifth loan, which has been designated by Secretary Carter Glass, of the United States Treasury, as the Victory loan, whose slogans are "Bring the Victors Home" and "Finish the Job."

In this connection it is announced that the honor flags for the next loan will bear a large "V" for "Victory." Special efforts will be made to stimulate the inter-city competition for these flags.

Following the Chicago conference the Indiana loan organization, under the direction of Will H. Wade, will begin actively to arrange for the distribution of the last issue of the war securities, of which \$5,000,000,000 will be offered, and of which this state will be expected to take a proportion at least equal to those of the previous four loans.

MONARCHISTS ARRESTED

Captured After Battle in Portugal Dispatch Says

Madrid, Jan. 27.—Portuguese monarchist leaders were reported today to be under arrest in Monsanto. They were captured, according to a Lisbon dispatch, after a battle in which the insurgent losses were 50 killed and 130 wounded.

The Portuguese war minister has ordered disarmament of all civilians. The republican government was restored in Viszan, which was one of the royalist strong holds.

Watson and the Presidency.

Since the death of Theodore Roosevelt, that has been much speculation about the next republican candidate for president, with frequent mention of Senator James E. Watson of this city. No one will deny that Roosevelt could have dictated the nomination, had he not been an aspirant for the place himself, and with his passing away, the party finds itself for the moment without any commanding personality at the helm. An entirely new aspect is lent to the situation, with the chance for the development of conditions now wholly unlooked for. Commenting on this situation at length, the Lafayette, (Ind.) Journal closes an editorial with the following favorable mention of Senator Watson as a presidential possibility:

There does not seem to be the least doubt that as a result of the death of Theodore Roosevelt, United States Senator James E. Watson looms larger than ever upon the horizon as a presidential possibility. These men were not far apart of late in their views, but the feeling that

Laugh at your troubles, and they are half gone.

No idea will ever work if you leave Common Sense out of it.

Always go after game big enough to make a noise when it falls.

The beautiful thing about a trouble is that it becomes a joy when it is gone.

You get at a man's real character only when you systematically come in contact with his pocketbook.

No gall is quite so monumental as that of the man who keeps his seat in a street car and tries to flirt with a girl standing up.

Hez Heck says: "How foolish the other fellow always is, except when the other fellow happens to be you!"

was engendered at the Chicago convention of 1912 had not entirely disappeared.

No one may now attribute to Mr. Roosevelt any possible course of action upon which he had not expressed himself, and so we do not know whether he would have favored or opposed Senator Watson for nomination in 1920. There was a feeling prevalent that if Mr. Roosevelt wanted the nomination he could have it, but since his death, the statement has gone forth that he was preparing to clarify the situation by announcing that he would not be a candidate. But even so, his influence would no doubt have been the dominating factor when the time for choosing a candidate arrived.

The passing of time has done much to alter sentiment. Mr. Taft is more highly esteemed today than at any time subsequent to his first two years as president. But he is not a presidential possibility. Mr. Hughes is a national figure but his defeat two years ago would count against him. Mr. Whitman has automatically eliminated himself. Senator Borah and Hiram Johnson are men of ambition and ability. There are able republicans in the east but good political judgment will prompt

the selection of a man from further west.

Unexpected developments may change the whole situation during the next few months, but there is no controverting the fact that at present Senator Watson is occupying a very favorable position as regards the republican nomination in 1920, and with the opportunities that will be afforded him for rendering service and demonstrating his statesmanship in coming months he will grow rather than diminish in public estimation if he chooses his course wisely. It is entirely possible that Indiana may provide the nation with its next president.

A New Viewpoint.

What do we expect of our boys as we see them coming back after their months of army discipline—perhaps with one, two or three gold service stripes on the left sleeve?

It is hard to tell. Different nature react to similar environment so differently. But we should prophesy that the army training will render them more exact in every way, that they will think less of the material side of life and more of its real intent, and that they will feel strongly the responsibilities and duties of citizenship.

What will they expect of us, changed by these months of watching and waiting? They will expect us to be more earnest, of wider sympathies and greater tolerance. If we have not gained these qualities our experience of war and grief and anxiety and sacrifice has done little for us.

A dollar is a man's best friend. It ought to be because man makes it. Yes, but oh how often does the dollar make the man.

To the sins of the Anti-Saloon League perhaps its weakness should now add the lamentable necessity of finding jobs for a lot of bums who will want to work when they can't get any more booze.

Now, don't anybody start in right away advocating a federal amendment against smoking. It takes time to get used to these things.

The United States is only insisting that the treaty at Versailles be made in the way that the United States has always made treaties—openly and honestly.

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's Iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Oleoresin Capsicum; Kolo.

FOUR TOWNSHIPS REACH TOWNSHIP

the habit of the Turks to steal the Armenian young, especially the boys, rear them as Mohammendans and then put them in the army. He declared they conscripted all of the able-bodied men and put them in the army, making them dig trenches and do other work which soldiers did not like to do.

How the Turks massacred the suffering people by the thousands was described. He said they collected Armenians by the thousands, killed the boys and sent the good-looking women and girls to Turkish harems. Other methods of wiping out the race, the speaker said, was leading thousands of them into the desert to starve. Others, he asserted would be gathered in some enclosure and Turk soldiers would amuse themselves by trying to see how many Armenians they could kill with one shot, until all were dead. Many women were stripped naked and driven along the road, Capt. Morse said, and some were tied together and thrown into the Euphrates.

Judge Will M. Sparks presided at the meeting and raised the money. He pleaded for the support of the Armenians not only because they had been so horribly persecuted, but because they kept the faith in the face of such treatment and because they were loyal to the allies during the war and were of great assistance in the English campaign in the near east when the Turks were driven from the Holy Land.

Judge Sparks pointed out that \$60 will save a life in the near east for a year, and called for pledges for that amount first. There were a few for this sum, and then he called for \$30, estimated to be enough to keep an Armenian until he will be able to help himself. Judge Sparks said that the Armenians were not seeking charity, but that they merely wanted to be helped so they could help themselves.

At the beginning of his address, Capt. Morse spoke of the spirit of co-operation, self-sacrifice and unselfishness which had been developed by the war. He declared that Canadians and Americans were no longer cousins, the term formerly used, but that they were now brothers.

"This war has uncovered all of the finer things of life," he asserted. "There is the wonderful spirit of unselfishness which characterized the acts of the boys who gave their lives. I wish we could catch that spirit of unselfishness in Canada and the United States."

"Then too, there is that splendid spirit of co-operation which has been developed by the war. The biggest thing the American army has to its credit—and we admit that the Americans won the war—is that they lost their identity by being brigaded with the French and British. They were willing to sacrifice their personal glory for the good of the cause. We know now that the allies could have won the war in 1916 if the command had been properly co-ordinated instead of each army pulling off its own little show."

"The experiences of the war have taught us not only to tolerate those who differ with us, but to respect the opinion of others. The returning men will have a great influence in bringing about the spirit of union among our churches because the soldiers coming home will not be willing to come back to the old conditions if they can not worship with the men they served with."

Amusments

"The Danger Zone" Coming

Funny things happen on the stage and the audience doesn't always know the cause. Miss Madeline Traverse, the William Fox film star, who appears in "The Danger Zone" at the Mystic theater Tuesday, tells an interesting story of the days when she was leading woman in one of her father's company, traveling in the middle west.

They were putting on a play at a summer resort, and an old barn had been converted into a theatre. Up in the rafters, hornets and wasps had made their homes, and when the stage lights turned on the insects were angry at being disturbed.

At one of the most dramatic points in the story Miss Traverse's

father, who was playing the lead, was leaning over her and reciting some terrific lines as she crouched low in stage fear. She turned upon him in fine dramatic bravado and was raising her hand to tell him "You shall not kill me," or "Devil do your worst," when a wasp lighted on her hand and stung her. The audience was hanging on every word. Miss Traverse promptly forgot the lines in her pain and in an effort to shake off the wasp struck her father a smashing blow on the chin, which knocked him flat on the stage. The audience applauded vigorously—nearly shook down the rafters. The father changed his lines to fit the action, and the curtain dropped with the audience still applauding.

Ethel Clayton at Princess

The weapons with which Ethel Clayton wins her husband back in "Woman's Weapons," the new Paramount picture in which she is starred, which is to be shown at the Princess theatre tonight, are not the same as those employed to win her screen following, and yet in a sense they are the same. They are after all the weapons with which Eros attacks his victims: the lure of sweetness, womanly charm.

These may be exerted in many different ways. Miss Clayton uses them to win the admiring regard of her screen patrons and employs in addition the gift of the Gods—her splendid artistry. In the picture she uses the weapon to convince her straying spouse, all but caught in the web of an intellectual vampire, that a sincere, true woman is worth a score of soul mating, sinuous leaches, the poseurs, the maidens of the purple moments.

Miss Clayton is exquisite in the role of the true life, while Vera Dorin does wonderful work as the siren. Elliott Dexter is the husband and as usual is debonnaire, suave

and genteely convincing. Robert Vignola directed the photoplay.

Wednesday Clara Kimball Young will be shown in "The Road Through the Dark," and Thursday and Friday Anita Stewart in "Virtuous Wives."

NECESSITY

Is The Mother Of Invention

The only really new principles in the spreader building in the last fifteen years were introduced by the Litchfield Mfg. Co., and are found on RUSHVILLE SPECIAL Spreaders. Everyone of them is of commanding importance.

First among these is the conveyor which can't clog or slip under a load. Look at the cut above and see the swinging sections. Any material leaking through from the load can't lodge, but drops to the ground. You can't find another one like it.

If you could look into the box you would see that the rear edge of every slat is raised just above the one preceding it, forming a traction cleat making it impossible for the conveyor to move back with taking the load with it, thus giving it a FORCE-FEED. This overcomes every objection to the endless apron and knocks into "SMITHEREENS" the arguments of the advocates of return aprons with attendant reverse gears, traps and triggers.

FIFTEEN YEARS FROM NOW after Litchfield's patents expire all other kinds of conveyors will be a thing of the past. What other spreaders will be in fifteen years from now the RUSHVILLE SPECIAL Spreader is today.

FIFTEEN YEARS FROM NOW all spreaders will be using the BULL DOG cylinder and NO CHOKE BOX—but we'll tell you about them later. Don't wait for us to tell you but come in and see the machine yourself. There are a whole lot of things about the RUSHVILLE SPECIAL Spreader, that we cannot explain in print—we have to show you. IT'S GUARANTEED FOR FIVE YEARS!

TEXT IS ANSWER TO THE QUESTION

Every Christian Has to Meet Same Enemies Paul Did, World, Flesh and The Devil

SERMON BY DR. J. S. HILL

The Fight, Faith and the Finish in Every Christian's Life, According to Paul

Every Christian has to meet the same enemies Paul did, the world, the flesh and the devil, according to Dr. J. S. Hill of Richmond, who spoke at the evangelistic service at the First United Presbyterian church last night on the subject, "A Life Worthwhile," taken from the text, Second Timothy, 4: 7 and 8. He said in part as follows:

"Nero set fire to the city of Rome. He was displeased with the narrowness of the streets and the meanness of the buildings, and determined that they should be destroyed. His vessels applied the torch to the homes in the city. The angry people became suspicious that Nero himself was the cause of the disaster. Nero said the Christians in the city, because of the cruelties inflicted upon them, had set fire to the city. Then the anger of the populace was turned against the Christians. They are subjected to every manner of cruelty and torture. Paul did not escape. He had been in Rome and preached the gospel of the kingdom. Had gone away in all probability to Spain. Nero's soldiers are sent after him. He is brought back to the City of Rome in chains and cast in prison. He has been given his first trial. He was tried for a crime of which he was innocent. We can imagine the scene which was presented when Paul was brought before Nero the first time. Nero is the greatest and most powerful man in the world. Paul is the poorest and the neediest. Between them there was the greatest possible difference.

"In the text there is an answer to the question, What is a Christian and what is Christianity? Paul mentions three things, found in a Christian's life, the fight, the faith and the finish.

"In life every Christian has to meet the same enemies that Paul met—the world, the flesh and the devil. When Paul began his Christian life, the whole world was arrayed against him—the Christian church, his father's family, and all Judaism. While he waited in Jerusalem, he was absolutely alone. Against the bitterness and opposition of his friends, and the doubts of the other apostles, he had to fight.

"Against Satan himself he had to fight. Again and again the devil must have said to him, Paul you are eloquent and logical and powerful. If you would only preach yourself more and Christ less, you would bring all the world to your feet. But against all these Paul fought and won the victory through Jesus Christ.

"We wonder why a man should live such a wild and stormy life as Paul lived. He gives us the answer 'I have kept the faith.' This was Paul's faith—God so loved the world that He gave His only begotten Son that whosoever believeth in Him might not perish but might have everlasting life.

"Then comes the finish—Henceforth there is laid up for me a crown of righteousness. Paul is able to look back over his life, and then into the future. He has made in

life many mistakes. But all in all it was a good fight. In the not distant future he sees the crown of eternal life awaiting him. The old Marmartine prison was a horrible place, cold damp dark and dismal. History tells us that it was reeking with vermin and filth. In this place Paul's last days and nights on earth were spent. It was the best place in which to crush out a man's life and break his heart. Yet he wrote to Timothy one day, to preach the word, to be instant in season out of season. The need of this dying world is the gospel of Jesus Christ.

"This is the answer to what is a Christianity. It is that which lifts a man above time and surroundings, and makes him supremely happy. Nero may persecute his body but he can not crush his spirit. In the life to come he sees the crown of eternal life in the hand of God waiting for him. You may be rich and great in the sight of men, yet if at the close of your earthly career you can not say, I have fought a good fight, there is a crown awaiting me—you have made a failure of your life. You may be poor and forsaken and a failure in worldly matters, yet if you can say, God will give me the crown of life, you have made a great success of your career."

UNION MEETING IS HELD AT HOMER SUNDAY

Ministers of Other Two Churches Join Christian Union Pastor in Revival Service

\$300 RAISED FOR ARMENIANS

If the delegates that met in Philadelphia, Pa., last December to form the American Protestant churches into a great federation, could have dropped into Homer yesterday, they would have seen on a good sized scale the first of their dreams realized. The Christian Union church is holding their annual revival effort, and on yesterday the Christian and Baptist churches closed up for the evening service, and with their pastors went in a body to the Christian Union church, filling the beautiful temple to its utmost capacity.

The visiting pastors each took a very active part in the services. The Rev. Mr. Bakin of the Christian church conducted the song services, the Rev. Mr. Pavy of the Baptist church read the evening lesson and offered prayer, and the local C. U. pastor, the Rev. P. O. Orrt, preached the sermon, using for the theme of the evening, "Judgment." At the conclusion of the evening services, Walter E. Frazee of Rushville was introduced and told of the suffering of the Armenians, and in a very few moments nearly \$300 was raised.

The revival effort will continue through the coming week, and from the large crowds present at each service it can be safely said that much good is being accomplished. The Rev. P. O. Orrt, the pastor, is conducting the meeting.

WEATHER FOR THE WEEK.

Washington, Jan. 27.—Temperature near or above the seasonal normal is indicated, with considerable cloudiness; occasional rains are probable Monday or Tuesday, and again on Thursday or Friday.

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use

Foley's Honey and Tar.

It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the restless feverish state that attends children's diseases.

"M. T. Davis, Bensenville, W. Va. writes:—'One of my patrons had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered.'"

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

meet tomorrow afternoon in the parlors of the church at 2:30 p. m.

The Rebekah's will give a basket supper Tuesday evening at seven o'clock in their hall, honoring the returned soldiers of this order and also the Odd Fellow's order. All Rebekahs are invited to bring their families, and well filled baskets. After the supper a short program will

Mrs. Lon Havens will entertain the Methodist Ladies Aid society tomorrow afternoon at her home 639 North Main street. She will be assisted by Mrs. George Havens, Mrs. Emma Havens and Mrs. Sarah E. Kinnear. Each member is requested to bring a needle and thimble to sew on Red Cross garments.

The J. B. J. club was entertained by Miss Dorothy Rogers Saturday afternoon at her home in West Second street. After an interesting program dainty refreshments were served by the hostess. The next meeting will be with Miss Elizabeth Trader of West First street.

At the dinner to be given at the Social club rooms tomorrow night, all members are requested to bring sauce dishes. After the dinner a dance will follow.

An ice cream and oyster supper will be given by the Ladies of the Sexton Christian church Thursday night in the Sexton Hall. Everybody is cordially invited.

Miss Mae Doris Bickhart, daughter of Mr. and Mrs. C. J. Bickhart, and Carl Miller, son of Mr. and Mrs. Ed. Miller, were quietly married last Wednesday evening by the Rev. C. J. Bunnell, at the First Baptist church parsonage.

Miss Mary Louise Miller delightfully entertained a number of her friends last evening at her home in Jackson street. The guests enjoyed the evening dancing and playing games. At a late hour dainty refreshments were served.

Miss Mildred Kirk entertained a number of her friends last evening with a pitch-in-supper at her home

THE BEST TEST

Is The Test of Time

Years ago E. L. Hinkle of 815 N. Jackson St., Rushville, told of good results from using Doan's Kidney Pills. Now Mr. Hinkle confirms the former statement—says there has been no return of the trouble. Can Rushville people ask for more convincing testimony?

"Sharp pains in my back radiated to all parts of my body and I was hardly able to walk," says Mr. Hinkle. "I couldn't rest well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes entirely cured me and made me feel like a different man. The terrible pains in my back left and my kidneys again acted regularly."

MORE THAN FIVE YEARS LATER, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting. I never have anything more serious now, than an occasional tired feeling across my back. A few doses of Doan's soon fix that up."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—(Adv.)

Fiery Eczema and Skin Eruptions Readily Yield to This Old Remedy

Successfully used for 50 years.

Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity.

This is why S. S. S. has been used so successfully in hundreds of cases of Eczema and other skin eruptions. This wonderful remedy is without

an equal as a blood purifier, being probably the oldest blood medicine on the market. It has been sold by druggists for fifty years. Get a bottle today and begin treatment that will get results.

You are invited to write to-day for complete and full advice as to the treatment of your own case. Address, Chief Medical Adviser, Swift Specific Co., Dept. H, Atlanta, Georgia.

Days Pickings

A baby boy weighing seven pounds was born to the wife of Captain Glen Tucker, who was formerly Miss Dorothy Thomas, at the home of her parents, Mr. and Mrs. E. B. Thomas, early Sunday morning. The baby has been named William Thomas. Captain Tucker is overseas.

Mrs. Harry Myers is ill at her home in North Harrison street, suffering from the influenza.

Claude Smith of 314 West Fourth street, an employe of the Chas. E. Francis company, was operated on at the Sexton hospital at 1:30 this afternoon for acute appendicitis. He suffered the attack about ten o'clock this morning.

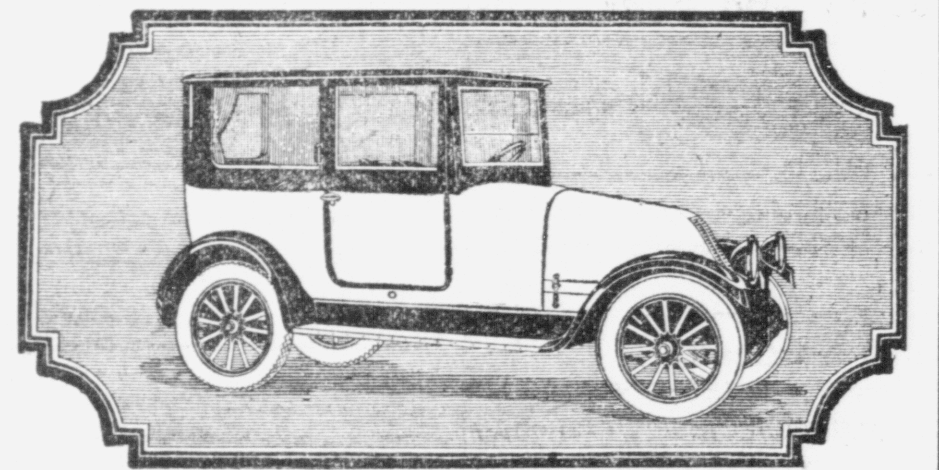

Mr. and Mrs. Earl Robertson are moving from the Mauzy flat to the flat over Dr. Green's office in East Second street.

News of Colored Citizens

Mr. and Mrs. Henry Bundrant delightfully entertained Sunday a number of their friends. The dining room was decorated with potted plants and the center of the table was adorned with a bouquet of flowers. Those present were Mr. and Mrs. Thomas Adams of Connersville, Mr. and Mrs. Henry Miller, the Rev. and Mrs. E. W. S. Hammond and children Edward and Louise, and Mr. and Mrs. H. C. Bundrant.

WOUNDED DRIVE TRACTORS

The Franklin Sedan

Everything about the Franklin Sedan is aimed to enlarge its owner's sphere of usefulness, by eliminating waste all along the line — in time, physical energy, natural resources. In other words, the sedan conforms strictly to the need of the times. It is the ideal year-round car for the American people. The lightness and flexibility of the car allow the tires to roll lightly over the road, without severe pounding. So seldom, in fact, are Franklin owners called upon to change tires that it is more the exception than the rule for spare tires to be carried, except when natural wear makes liable a replacement.

RIOTING IS SUPPRESSED

Spartan Riots at Hamburg Stopped—Liebknecht's Funeral

(By United Press.)
Berlin, Jan. 25. (delayed).—Military officials were prepared for any eventualities in the funeral of Karl Liebknecht and 31 other Spartans, which passed off quietly, with more than 50,000 marching in the procession, which was five miles long. The

government had field guns and machine guns at frequent intervals along the route of procession and signs were posted warning citizens to remain orderly.

Berlin, Jan. 27.—Spartan riots in Hamburg has been suppressed by placing the city under martial law, according to an announcement today.

Obituaries

Nancy Elizabeth Ralston, daughter of Andrew and Anna Ralston, was born in Washington county, Pennsylvania, May 10th, 1834. She was married to John Hanen, February 17th, 1859. To this union were born nine children, of whom three died in infancy; and one, Mrs. John C. Elliott, died in October, 1899. The children still living are Mrs. Jacob C. Daubenspeck of White Bird, Idaho; Alexander C. Hanen, of Cambridge City, Indiana; Andrew R. and Joseph S. Hanen, both of Mays, Indiana; and Mrs. A. M. Taylor of Rushville, Indiana, at whose home she died on the early morning of January 21st, 1919. These with one sister Mrs. E. P. Lynn, of New London, Iowa, and ten grand children, remain to mourn for the departed.

Mrs. Hanen united with the Christian church at West Middletown, Pennsylvania, under the ministry of the Rev. Isaac Errett, sixty years ago, in which faith she lived till the end of her life. She was devoted to her family and friends, liberal with those from whom she differed in opinion, and a cheerful doer of whatever she considered to be her duty. Her motto seemed to be: "Do not squander time, for that is the stuff of which life is made" and those who knew her best know that she labored on till the evening shadows were lengthening. 27141

NOTICE TO NON-RESIDENT.

The State of Indiana, Rush County. In the Rush Circuit Court, Nov. Term, 1918. Aime Perrell vs. Charles Perrell.

Complaint No. 1754. Now comes the plaintiff, by C. W. Duncan, attorney, and files her complaint herein, together with an affidavit that the residence of the defendant, Charles Perrell, is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant that unless he be and appear on the 25th day of March, A. D. 1919, at the court house in Rushville in said county and state, and answer or demur to said complaint, the same will be heard and determined in his absence.

In witness whereof, I have hereunto set my hand and affixed the seal of said court at Rushville, this 25th day of January, A. D. 1919. GEO. B. MOORE, JR. Clerk.

NOTICE

In the Matter of the Estate of Winifred Joyce, Deceased. Rush Circuit Court, November Term, 1918. Notice is hereby given that upon petition filed in said court by the administrator of said estate, setting up the insufficiency of the estate of said decedent to pay the debts and liabilities thereof, the Judge of said court did on the 25th day of January, 1919, find the said estate to be probably insolvent and order the same to be settled accordingly. The creditors of the said estate are therefore hereby notified of such insolvency, and required to file their claims against said estate for allowance.

Witness the Clerk and seal of said court, Rushville, Indiana, this 25th day of January, 1919. GEO. B. MOORE, JR. Clerk.

COAL MINING PROBLEM UP IN LEGISLATURE

Miners Want Bill to Force Operators Under Provisions of Workment Compensation Law.

2000 CASUALTIES IN 1 YEAR.

Indianapolis, Ind., Jan. 27.—Bitter fights in the legislature over matters concerning coal mining were prospect today. Miners are making an effort to have the legislature pass a bill which would force operators to come under the provisions of the present it is optional with the employer on whether or not a concern will operate under the law and about ninety per cent of the coal mine operators have elected not to accept the provisions of the act.

In an appeal to the legislators from the United Mine Workers of district No. 11, the miners declared that there were more than 2,000 casualties in Indiana mines in one year of which sixty were fatal accidents. Many of the widows and children of these cases were left without just compensation as a result, the complaint declares.

The bill, which would compel mine operators to pay the expense of shot firing in mines will be bitterly opposed by the operators. This bill has been presented at many sessions of the legislature but has never previously received sufficient support, the legislators taking the position that the question was one to be determined by a joint commission representing mine owners and minors and not by the law makers. A hearing on the measure will be held Monday night.

The bill now in the house which provides for a clearance of at least two feet between the sides of the mine cars and the walls of the mines will also be opposed by the mine operators. Miners have declared that a clearance of at least two feet is necessary for their safety.

DAILY HEALTH TALKS

The Troubles Women Have

BY L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief to those feminine disorders from which so many women suffer. He combined these roots and herbs into a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weakly, sickly, backachy, headachy, nervous, despondent woman, with regular or irregular pains—with feminine disorders that come in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, no charge being made for this high professional service. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!

The command in chief, in the name of the President, has awarded the distinguished service cross to the following named Indiana officer and soldiers for the acts of extraordinary heroism described after their names:

Capt. Albert C. Rubel, 304th Engineers. For extraordinary heroism in action near Montfaucon, France, September 26, 1918, after reconnoitering to locate the Avocourt-Malan-court Road, Capt. Rubel was held up by an enemy machine gun on the parapet of a trench running parallel to the road. Capt. Rubel proceeded, ahead of two men of his platoon, and personally disposed of the two German gunners. He is from Greensburg.

Private Herman S. Seibel, Company D, 130th Infantry, A. S. 1979778. For extraordinary heroism in action near Bellicourt, France, September 29, 1918. With eight other soldiers, comprising the company headquarters detachment, Private Seibel assisted his company commander in cleaning out the enemy dugouts along a canal and capturing 242 prisoners. He is from Helmsburg.

HOSPITAL SITE -OLD FAIR GROUNDS

Commissioners Issue Order Today
Providing This Fact Shall be
Printed on Ballots

SPECIAL ELECTION FEB. 25

Also That Cost Shall Not Exceed
\$100,000 and Maintenance Tax
2 Mills On Dollar

The proposed county hospital, if it is approved at the special election to be held February 25, will be located on the site of the old Rush county fair grounds, according to an order of the county commissioners at a special meeting today, and its cost shall not exceed \$100,000.

The ballots for the election were ordered prepared by the county auditor and the election commissioners, and they shall state, according to the board's order, that the hospital shall not cost more than \$100,000 and the tax rate for maintenance shall not exceed two mills on the dollar.

The board this morning approved two road petitions for the building of macadam roads and instructed the auditor to advertise for bidders March 3. One of the proposed highways is in Jackson township and is known as the Chester Cross et al. highway. The other is known as the Fred McMannus et al. highway and is located on the Center-Jackson township line.

The commissioners were understood to have under consideration this afternoon the petition of Willard Tribbey and others for a cement road seven-eighths of a mile long, running north and south through Arlington. If approved, the permanent highway will begin at the intersection of what is known as the Brookville road and run north seven-eighths of a mile to a point north of Arlington on the pike running to Carthage.

The law passed by the legislature in 1918 giving counties the authority to hold special elections on the question of the erection of county hospitals, provides that the ballots shall set forth the place where it is proposed to erect the hospital; the amount of money proposed to be expended in the purchasing or building of said hospital; the amount proposed to be levied by taxation annually for the maintenance of such hospital; and following such description there shall be printed two squares with words as follows: In the first square the word "Yes," and following it the words: "For the hospital"; in the second square the word "No," followed by the words, "Against the hospital."

"If a majority of the votes cast at any such election," continues the law, "be found to be in favor of the establishment of such hospital, such board of commissioners shall enter an order establishing such hospital and authorizing the purchase or building of such hospital, fixing the amount to be paid therefor and also fixing the amount of tax to be levied upon the assessed property of said county for maintenance thereof, which tax shall not exceed two mills on the dollar for a period of time not exceeding twenty years; and may provide for the issuing of county bonds to provide funds for the purchase of a site or sites and the erection thereon of a public hospital buildings and for the support of the same."

PNEUMONIA IS FATAL

Henrietta, twelve-year-old daughter of Mr. and Mrs. Otto Floyd living on East Eighth street, died this morning at 6:30. Death was caused by pneumonia which followed the influenza. She leaves a father, mother, four brothers and four sisters. The funeral services will be held at the home Wednesday morning at ten o'clock with burial in East Hill cemetery.

SOLDIERS' DAY OBSERVED

Special Services Are Held at Two Churches Here Sunday

Soldiers Sunday was observed at the First Presbyterian and Main Street Christian churches yesterday and special efforts were made to have returned soldiers present. A special program was given at the Christian Sunday school in the morning and the pastor preached a sermon on the subject, "The Flag We Float," appropriate to the occasion. The Rev. D. Ira Lambert spoke at the special service for soldiers at the First Presbyterian church in the morning and a special musical program was given. Both churches were appropriately decorated for the occasion.

PIONEER WOMAN OF RUSH COUNTY DIES

Mrs. Rebecca Conner, Age 91, Resident of Noble Township for 80 Years, Expires at Connersville.

BURIAL TO BE HERE TUESDAY

Mrs. Rebecca Conner, age ninety-one years a pioneer resident of Rush county, died last night at eight o'clock of paralysis at the home of her son, J. M. Conner, in Connersville. S. C. Conner of Des Moines, Iowa formerly of this city, was at her bedside when she died, having reached Connersville Sunday morning.

Mrs. Conner was born in Noble township, in 1828 and lived there for eighty years, having left the old homestead in 1908 when her husband, the late David Conner died at the age of eighty-five years. Mrs. Conner lived in Rushville for five years and during the last five years of her life resided at the home of her son in Connersville.

The funeral services will be held at the residence in Connersville where she died tomorrow afternoon at 1:30 o'clock and burial will take place in East Hill cemetery here about 3:30 o'clock. The two sons are the only survivors.

PUTS PROHIBITARY TAX ON DOGS IN STATE

Ratts Bill, Which Would Reduce
Losses of Sheep Raisers, Taken
up in Senate Today

AMENDMENT FOR TAX OF \$5

(By United Press.)

Indianapolis, Jan. 27.—The senate on meeting this afternoon following the week-end recess took up the Ratts bill, which is designating to place a prohibitory tax on dogs. The bill which is backed by the sheep raisers of the state, as originally drawn would place a tax of \$2.00 on the first dog and \$3.00 on every additional dog.

Senator Munton introduced an amendment which would increase the tax to \$5.00 on the first animal and \$10.00 on every additional one. Sentiment among senators seemed to be in favor of placing the tax as high as possible. Senator Ratt submitted figures showing the thousands of dollars of loss which was caused in the state by sheep killing dogs.

The senate considered the Maier resolution providing for reclamation of swamp lands.

Amsterdam, January, 27.—The body of Rosa Luxemburg, the Spartacan leader who was killed by a mob recently, was found in the Landwehr canal, according to a report from Berlin. The body was terribly mutilated. The news, it is said, is being kept secret for fear of anarchistic reprisals.

ASSESSORS FACE DIFFICULT TASK

Will Have to Familiarize Themselves
With New Bill Quickly if it
is Passed

MANY RADICAL DEPARTURES

Because Changes Are Likely, No
Schedules Have Been Sent Out
—Assessing Begins Mar. 1

The assessing machinery of Rush county, with the assessing period to being in about a month, is literally "up in the air" because it is not known whether or not the legislature will change the state law. If the new tax bill which has been presented to the legislature, is passed there will be many radical departures from the old customs of assessing which have been practiced for years, and as assessors are at a loss to under stand how the can familiarize themselves with the terms of the new law in time to begin March 1.

The task will be doubly difficult this year because real estate will be assessed. This form of taxable property is appraised only every four years. It has been the custom to take real estate at from a fourth to fifty percent of its market value. Most farm land in the past has been assessed at forty or fifty dollars an acre. The difficulty confronting the assessors is better understood when it is remembered that if the tax bill is passed in the form it has been introduced, real estate will be taken at its true cash value.

Even though the law is not changed, farmers are complaining that this is a poor time to assess real estate as the basis for paying taxes for four years. Their complaint is based on the fact that the price of real estate is exceptionally high and their belief that it will be lower before it is again time to assess land.

Not only real estate, but personal property as well will be taken by the assessors at its true cash value if the new tax bill becomes a law. Heretofore, there has been a sort of an agreement, arranged by the state tax commissioners, for all Indiana assessors to assess personal property at seventy-five percent of its fair market value. It was scarcely ever been the rule, however, that personal property has been assessed that high.

Assessors of the county can not come to any agreement about the appraised value of staple articles classed as personal property because the state board of tax commissioners has not yet issued a schedule for the use of the assessors and probably will not until some disposition is made of the new tax bill.

The schedule in the new bill makes many changes. There are only ninety items listed, for example, as compared to one hundred and twenty-nine items on the schedule used for the last several years. On the old schedules there are four classes of mules and four classes of horses, but the schedule in the new bill gives only one class for horses and mules combined. Where there were four classes for cows in the old schedule, there are only two in the schedule in the new bill. Similar changes are made on other items so as to make thirty-nine less items on the proposed schedule.

SHIP BUILDERS STRIKE

London, Jan. 27.—Nation wide ship building strike was underway in Great Britain and Ireland today. All industries were being rapidly tied up by sympathetic strikers. The city of Belfast was practically paralyzed by the general strike caused by the walk-out of 40,000 shipyard employees, who demanded a 44-hour week. Twelve thousand ship builders in London, walked out today asking for increased wages.

WILSON CONFERS WITH SAM GOMPERS

President and Other Members of U.
S. Peace Delegation Discuss
Labor Legislation

WOULD ELIMINATE TURKS

Greek-Turkish Church Presents Re-
quest to Conference—German
Colonies Discussed

(By United Press.)

Paris, Jan. 27.—President Wilson conferred at noon today with other members of the American peace delegation and Ed Hurley and Samuel Gompers, presumably about international labor legislation. The conference was at American headquarters.

The associated powers were asked by the Greek-Turkish Orthodox church today to eliminate the Turks from Europe and establish self-government for Greeks, Armenians and Arabs, who have been under the Turk yoke.

The recommendations were included in a memoranda presented to President Wilson and other leaders at the peace conference by a special messenger of Monsignor Dorotheos, patriarch of the church. He pointed out that under Emperor Constantine the country adjacent to Constantinople, including the city itself, contained 16,000,000 Greeks, only 3,000,000 of whom remain today because of the systematic extermination by the Turks.

The Supreme war council was understood today to be considering disposition of German colonies and other territorial questions.

The smaller nations were ready to select their five delegates on each of the special committees created Saturday. The league of nations was generally accepted as the most important of these.

Working alongside this commission will be an unofficial organization, the allied societies for the league of nations. It held its first meeting last night and intends to continue in session throughout the peace congress, furnishing a clearing house for information to assisting official committee.

The abolition of conscription and the economic reconstruction of Germany were other considerations which the council was expected to refer for further study to committees of especially qualified men.

There appears every prospect that the peace conference will make rapid progress with the work of fixing the peace terms for Germany, as the conference appears to have gotten into its stride. A high French diplomatic authority is quoted by the Paris edition of the London Daily Mail as estimating that the conference will have the peace terms ready for submission for ratification by the various national governments between the middle and the end of March. If this is accomplished, the German delegates will be summoned to Paris early in April for the conclusion of the peace.

Delegates of the small nations were to meet late in the afternoon to select their representatives on committees provided Saturday for the study of the most difficult problems before the congress. The commissions on which the smaller powers will have representation will investigate and report on the responsibility of the authors of the war, the amount of reparation and methods of payment, international regulation of labor problems, and the internationalization of waterways.

National Bank Building

G. C. Winders of Cambridge City, a steeple jack, was the object of the gazes of scores of people in the downtown district of the city this afternoon when he scaled the flag pole on the Peoples National bank building and began painting it. Winders will be remembered for his work here a few years ago when he placed a new pulley on top of the flag pole on the court house and then painted the pole. That task was a much more hazardous one than that performed today. Winders was in the service for sixteen months and was only recently discharged.

FEARED PRUSSIA MAY CONTROL GOVERNMENT

Latest Reports Disclose Majority
Socialists Will Not be Able to
Control Convention

DIVISION SEEMS PROBABLE

(By United Press.)

Berne, Switzerland, Jan. 27.—Fear that Prussia may be able to put through a form of government for new Germany at the coming national assembly at Weimar, which will enable her to dominate the new nation as she dominated the old empire, may lead to a serious division between delegates from north and south Germany. This position was indicated in a dispatch received here today.

Latest reports from Berlin show the majority socialists will not have seats to control the convention even if the independent socialists return to the Ebert-Scheidman fold, as expected.

Both majority socialists and centrists are bidding strong for support of the democratic delegation.

1,800,000 STILL OVERSEAS

(By United Press.)

Washington, Jan. 27.—Within six months all of the American soldiers who are now in France will be returned to the United States except those left for joint police work with allies, General March, chief of staff, told the house military committee today.

March said there were 1,800,000 American troops abroad. The troops will come home at the rate of 300,000 a month. He also told the committee that by March 1, 785,000 men remaining in camp in the United States will be demobilized except for the few needed to care for the cantonments.

"FLU" EPIDEMIC ABATING

Malady Improves at Milroy and
Schools Will Open Monday.

The influenza malady in the vicinity of Milroy seems to be abating as reported this morning. There had been some talk of closing the schools until the next school term but it was stated today that school would be continued next Monday as the danger was thought to be past. Although there are still several cases of the "flu" in Milroy and vicinity few new cases are being reported.

One new case was reported here this morning, Mrs. Harry Myers of North Harrison street.

Manilla Meetings

With four townships surpassing their quotas in the Armenian-Syrian relief campaign and many other townships approaching their goal, the drive in Rushville county bids fair to be a big success at the very outset.

After the mass meeting at the Main Street Christian church Sunday afternoon, Rushville township was only \$188 short of its allotment of \$1,500 and the east half of Walker township came close to doubling its apportionment at a mass meeting at the Homer Christian Union service last night pledging \$261 which means that to all intents and purposes the whole township is over the top because a union meeting at the Manilla Christian church last night was productive of \$46.50 in cash, besides a number of pledges which are yet to be reported. This makes \$307.50 actually raised in Walker township with a quota of \$300.

Ripley, Washington and Anderson townships have already passed the mark. The last two named paid their assessment out of their war funds and Ripley township has reported to the county chairman that more than \$500 has been raised. The township's quota is \$450.

Walter E. Frazee, county chairman for the drive, spoke at the union meeting at the Christian Union church at Homer last night and was instrumental in causing the east half of Walker township almost to double its share of the township's allotment. The meeting at the Manilla Christian church was addressed by F. W. Sumner.

The sum of \$1,312 was pledged at the mass meeting at the Christian church here yesterday afternoon following the address by Captain C. K. Morse of the 44th Canadian. There is little doubt but that the remainder of Rushville township's portion will be contributed in a few days.

Capt. Morse dwelt for the most part on the war, leading up to a short talk on the campaign for the starving and persecuted peoples of the near east.

"The appeal is to all of us," he declared near the close of his address. "There are Catholics, Jews and Christians among these persecuted people and they all need our help. In coming to their assistance, we need the same vision which prompted us to co-operate and support the men who fought and gave their lives for their country."

"I have spoken of the way the people in the war-torn countries and others affected by the war have suffered," the speaker said, "While these people have suffered much, there was one theatre of the war for which the most suffering has been reserved—those who were under the domination of the unspeakable Turk."

Capt. Morse explained that there were two million Armenians before the war, scattered throughout the Holy Land, but that there number had been greatly reduced by the persecutions of the Turk.

"When Turkey entered the war," he continued, "she made that an excuse for wiping out a race which had outdistanced her and of which she was envious. Their greatest crime was that they were Christians."

Capt. Morse recalled some of the methods employed by the Turks to extinguish the race. He said it was Continued on Page Four

HOW TO SAVE ON SHOES

"Out of curiosity I tried a pair of Neolin Soles," writes W. F. Macartney of St. Louis, "and today, after five months of hard service I fail to notice any real signs of wear on them."

This statement points the way to real economy in shoes. What your shoes cost, by the year, depends largely on how the soles wear and Neolin Soles do wear a very long time. Moreover, they are exceedingly comfortable and waterproof—scientifically made to be exactly what soles should be and so worn now by millions.

They are available everywhere on new shoes and for re-soles. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

Thrifty Ben Franklin Entitled to Honor, as Residents of Philadelphia Are Well Aware

ONE ITEM OF THRIFT OF HIS
Franklin Made Request of \$25,000
to Make Loans to Young
Married Artificers

(By United Press.)
Philadelphia, Jan. 26.—Residents of this city realize well why Ben Franklin's picture appears on the 1919 W. S. S.
One item of the versatile printer's thrift has given many Philadelphians ready money when it was badly needed, and now nets the city at large a handsome little building.
Franklin made a bequest of \$25,000 known as the "Dr. Franklin Fund for Loans to Young Married Artificers." The bequest was made in 1790, and in making it, Franklin looked 200 years ahead, estimating what the total would be in 1890 and 1990.
By his process of calculation, Franklin estimated the fund would be \$665,000 at the end of the first 100 years, but it fell far short of this figure, reaching but \$89,883.95.
Several reasons are advanced for the failure of the fund to reach the amount Franklin had expected in 1890, but the principal one is that the "young married artificers" failed to borrow as often as he had expected, due probably to the restrictions. Later the restrictions were made less drastic in an effort to get the money out to borrowers, with the result that less attention was paid to character and responsibility and frequently the loan and interest were both lost.
The terms laid down by Franklin were characteristic. They were dictated by sound business judgment. He decreed that the loans should not be more than sixty pounds sterling, nor less than fifteen pounds. Borrowers were required to pay each year interest at five percent together with ten per cent of the principal until the loan was paid off. It was with the expectation that the entire fund would be kept busy that Franklin made his estimates of what the total would be in 102 years.

Franklin did not intend the entire fund to be continued for loans after 1890, but that in that year 100,000 pounds be turned over to the city of Philadelphia to "bring the waters of the Wissahickon Creek to the city and for public improvements, such as aqueducts, fortifications, etc."
In 1907, the Board of City Trusts, which was custodian of the Franklin fund, turned over the money, about \$133,000, to the Franklin Institute, for use by the latter institution in its fund to erect a memorial building on the new Philadelphia Parkway in memory of Franklin.

WORD RECEIVED FROM WAG. EVERETT M'HENRY

Now in Chaumont, France Serving in the Capacity of an Automobile Driver.

PERSHING HIS PASSENGER.

Word has been received by friends of Wagoner Everett McHenry who is stationed at Chaumont, France with the general headquarters company, serving in the capacity of an "auto driver." Wag. McHenry states that he is driving a six cylinder car and has been privileged to drive over the front and has visited many noted places.
He says that they drive between forty and fifty miles per hour and are called upon to drive 150 and 200 miles a day. He also states that President Wilson visited their headquarters on Christmas day. Wag. McHenry has had the pleasure of having General Pershing as a passenger several times. He states that he is well and patiently waits the opportunity to return to the States.
Wag. McHenry is the son of Jesse McHenry of Richland township and was the first Rush county draftee to land on foreign soil.

CONFERENCE OF LOAN OFFICIALS CALLED

Lewis B. Franklin of Washington Will Give The Official Message to The Conference

OUTLINE FINANCIAL PLAN

Indianapolis, Ind., Jan. 27.—Executives of the Indiana Liberty Loan organization have been called into a conference of the Seventh Federal Reserve district loan workers, at Chicago, Wednesday, January 29th. In addition to the representatives of the group of headquarters workers, it is expected that a large number of county sales chairmen, women workers and others will be present at the Congress hotel to hear an official message from Lewis B. Franklin, of Washington, who is federal director of the war loan organization.

Mr. Franklin will outline the government's financial program, especially in connection with the fifth loan, which has been designated by Secretary Carter Glass, of the United States Treasury, as the Victory loan, whose slogans are "Bring the Victors Home" and "Finish the Job."

In this connection it is announced that the honor flags for the next loan will bear a large "V" for "Victory." Special efforts will be made to stimulate the inter-city competition for these flags.

Following the Chicago conference the Indiana loan organization, under the direction of Will H. Wade, will begin actively to arrange for the distribution of the last issue of the war securities, of which \$5,000,000.00 will be offered, and of which this state will be expected to take a proportion at least equal to those of the previous four loans.

Watson and the Presidency.

Since the death of Theodore Roosevelt, that has been much speculation about the next republican candidate for president, with frequent mention of Senator James E. Watson of this city. No one will deny that Roosevelt could have dictated the nomination, had he not been an aspirant for the place himself, and with his passing away, the party finds itself for the moment without any commanding personality at the helm. An entirely new aspect is lent to the situation, with the chance for the development of conditions now wholly unlooked for. Commenting on this situation at length, the Lafayette, (Ind.) Journal has an editorial with the following favorable mention of Senator Watson as a presidential possibility:

There does not seem to be the least doubt that as a result of the death of Theodore Roosevelt, United States Senator James E. Watson looms larger than ever upon the horizon as a presidential possibility. These men were not far apart of late in their views, but the feeling that

Sap and Salt

By BERT MOSES

Laugh at your troubles, and they are half gone.

No idea will ever work if you leave Common Sense out of it.

Always go after game big enough to make a noise when it falls.

The beautiful thing about a trouble is that it becomes a joy when it is gone.

You get at a man's real character only when you systematically come in contact with his pocketbook.

No gall is quite so monumental as that of the man who keeps his seat in a street car and tries to flirt with a girl standing up.

Hez Heck says: "How foolish the other fellow always is, except when the other fellow happens to be you!"

was engendered at the Chicago convention of 1912 had not entirely disappeared.

No one may now attribute to Mr. Roosevelt any possible course of action upon which he had not expressed himself, and so we do not know whether he would have favored or opposed Senator Watson for nomination in 1920. There was a feeling prevalent that if Mr. Roosevelt wanted the nomination he could have it, but since his death, the statement has gone forth that he was preparing to clarify the situation by announcing that he would not be candidate. But even so, his influence would no doubt have been the dominating factor when the time for choosing a candidate arrived.

The passing of time has done much to alter sentiment. Mr. Taft is more highly esteemed today than at any time subsequent to his first two years as president. But he is not a presidential possibility. Mr. Hughes is a national figure but his defeat two years ago would count against him. Mr. Whitman has automatically eliminated himself. Senator Borah and Hiram Johnson are men of ambition and ability. There are able republicans in the east but good political judgment will prompt

the selection of a man from further west.

Unexpected developments may change the whole situation during the next few months, but there is no controverting the fact that at present Senator Watson is occupying a very favorable position as regards the republican nomination in 1920, and with the opportunities that will be afforded him for rendering service and demonstrating his statesmanship in coming months he will grow rather than diminish in public estimation if he chooses his course wisely. It is entirely possible that Indiana may provide the nation with its next president.

A New Viewpoint.

What do we expect of our boys as we see them coming back after their months of army discipline—perhaps with one, two or three gold service stripes on the left sleeve?

It is hard to tell. Different nature react to similar environment so differently. But we should prophesy that the army training will render them more exact in every way, that they will think less of the material side of life and more of its real intent, and that they will feel strongly the responsibilities and duties of citizenship.

What will they expect of us, changed by these months of watching and waiting? They will expect us to be more earnest, of wider sympathies and greater tolerance. If we have not gained these qualities our experience of war and grief and anxiety and sacrifice has done little for us.

A dollar is a man's best friend. It ought to be because man makes it. Yes, but oh how often does the dollar make the man.

To the sins of the Anti-Saloon League perhaps its critics should now add the lamentable necessity of finding jobs for a lot of bums who will want to work when they can't get any more booze.

Now, don't anybody start in right away advocating a federal amendment against smoking. It takes time to get used to these things.

The United States is only insisting that the treaty at Versailles be made in the way that the United States has always made treaties—openly and honestly.

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Gluconate; Phosphate; Iron; Tartrate; Manganese; Potassium; Ext. Nut. Vomica; Powdered Gentian; Phenolphthalein; Oleoresin Capsicum; Kolo.

FOUR TOWNSHIPS**REACH TOWNSHIP**

Continued from Page One

the habit of the Turks to steal the Armenian young, especially the boys, rear them as Mohammedans and then put them in the army. He declared they conscripted all of the able-bodied men and put them in the army, making them dig trenches and do other work which soldiers did not like to do.

How the Turks massacred the suffering people by the thousands was described. He said they collected Armenians by the thousands, killed the boys and sent the good-looking women and girls to Turkish harems. Other methods of wiping out the race, the speaker said, was leading thousands of them into the desert to starve. Others, he asserted would be gathered in some enclosure and Turk soldiers would amuse themselves by trying to see how many Armenians they could kill with one shot, until all were dead. Many women were stripped naked and driven along the road, Capt. Morse said, and some were tied together and thrown into the Euphrates.

Judge Will M. Sparks presided at the meeting and raised the money. He pleaded for the support of the Armenians not only because they had been so horribly persecuted, but because they kept the faith in the face of such treatment and because they were loyal to the allies during the war and were of great assistance in the English campaign in the near east when the Turks were driven from the Holy Land.

Judge Sparks pointed out that \$60 will save a life in the near east for a year, and called for pledges for that amount first. There were a few for this sum, and then he called for \$30, estimated to be enough to keep an Armenian until he will be able to help himself. Judge Sparks said that the Armenians were not seeking charity, but that they merely wanted to be helped so they could help themselves.

At the beginning of his address, Capt. Morse spoke of the spirit of co-operation, self-sacrifice and unselfishness which had been developed by the war. He declared that Canadians and Americans were no longer cousins, the term formerly used, but that they were now brothers.

"This war has uncovered all of the finer things of life," he asserted. "There is the wonderful spirit of unselfishness which characterized the acts of the boys who gave their lives. I wish we could catch that spirit of unselfishness in Canada and the United States."

"Then too, there is that splendid spirit of co-operation which has been developed by the war. The biggest thing the American army has to its credit—and we admit that the Americans won the war—is that they lost their identity by being brigaded with the French and British. They were willing to sacrifice their personal glory for the good of the cause. We know now that the allies could have won the war in 1916 if the command had been properly co-ordinated instead of each army pulling off its own little show."

"The experiences of the war have taught us not only to tolerate those who differ with us, but to respect the opinion of others. The returning men will have a great influence in bringing about the spirit of union among our churches because the soldiers coming home will not be willing to come back to the old conditions if they can not worship with the men they served with."

Amusements

"The Danger Zone" Coming

Funny things happen on the stage and the audience doesn't always know the cause. Miss Madeline Traverse, the William Fox film star, who appears in "The Danger Zone" at the Mystic theater Tuesday, tells an interesting story of the days when she was leading woman in one of her father's company, traveling in the middle west.

They were putting on a play at a summer resort, and an old barn had been converted into a theatre. Up in the rafters, horns and wasps had made their homes, and when the house was crowded and the stage lights turned on the insects were angry at being disturbed.

At one of the most dramatic points in the story Miss Traverse's

father, who was playing the lead, was leaning over her and reciting some terrific lines as she crouched low in stage fear. She turned upon him in fine dramatic bravado and was raising her hand to tell him "You shall not kill me," or "Devil do your worst," when a wasp lighted on her hand and stung her. The audience was hanging on every word. Miss Traverse promptly forgot the lines in her pain and in an effort to shake off the wasp struck her father a smashing blow on the chin, which knocked him flat on the stage. The audience applauded vigorously—nearly shook down the rafters. The father changed his lines to fit the action, and the curtain dropped with the audience still applauding.

Ethel Clayton at Princess

The weapons with which Ethel Clayton wins her husband back in "Woman's Weapons," the new Paramount picture in which she is starred, which is to be shown at the Princess theatre tonight, are not the same as those employed to win her screen following, and yet in a sense they are the same. They are after all the weapons with which Eros attacks his victims; the lure of sweetness, womanly charm.

These may be exerted in many different ways. Miss Clayton uses them to win the admiring regard of her screen patrons and employs in addition the gift of the Gods—her splendid artistry. In the picture she uses the weapon to convince her straying spouse, all but caught in the web of an intellectual vampire, that a sincere, true woman is worth a score of soul mating, sinuous leaches, the poseurs, the maidens of the purple moments.

Miss Clayton is exquisite in the role of the true life, while Vera Dorin does wonderful work as the siren. Elliott Dexter is the husband and as usual is debonnaire, suave

and genteely convincing. Robert Vignola directed the photoplay.

Wednesday Clara Kimball Young will be shown in "The Road Through the Dark," and Thursday and Friday Anita Stewart in "Virtuous Wives."

NECESSITY

Is The Mother Of Invention

The only really new principles in the spreader building in the last fifteen years were introduced by the Litchfield Mfg. Co., and are found on RUSHVILLE SPECIAL Spreaders. Everyone of them is of commanding importance.

First among these is the conveyor which can't clog or slip under a load. Look at the cut above and see the swinging sections. Any material leaking through from the load can't lodge, but drops to the ground. You can't find another one like it.

If you could look into the box you would see that the rear edge of every slat is raised just above the one preceding it, forming a traction cleat making it impossible for the conveyor to move back with taking the load with it, thus giving it a FORCE-FEED. This overcomes every objection to the endless apron and knocks into "SMITHEREENS" the arguments of the advocates of return aprons with attendant reverse gears, traps and triggers.

FIFTEEN YEARS FROM NOW after Litchfield's patents expire all other kinds of conveyors will be a thing of the past. What other spreaders will be in fifteen years from now the RUSHVILLE SPECIAL Spreader is today.

FIFTEEN YEARS FROM NOW all spreaders will be using the BULL DOG cylinder and NO CHOKE BOX—but we'll tell you about them later. Don't wait for us to tell you but come in and see the machine yourself. There are a whole lot of things about the RUSHVILLE SPECIAL Spreader, that we cannot explain in print—we have to show you. IT'S GUARANTEED FOR FIVE YEARS!

TEXT IS ANSWER TO THE QUESTION

Every Christian Has to Meet Same Enemies Paul Did, World, Flesh and The Devil

SERMON BY DR. J. S. HILL

The Fight, Faith and the Finish in Every Christian's Life, According to Paul

Every Christian has to meet the same enemies Paul did, the world, the flesh and the devil, according to Dr. J. S. Hill of Richmond, who spoke at the evangelistic service at the First United Presbyterian church last night on the subject, "A Life Worthwhile," taken from the text, Second Timothy, 4: 7 and 8. He said in part as follows:

"Nero set fire to the city of Rome. He was displeased with the narrowness of the streets and the mean-ness of the buildings, and determined that they should be destroyed. His vessels applied the torch to the homes in the city. The angry people became suspicious that Nero himself was the cause of the disaster. Nero said the Christians in the city, because of the cruelties inflicted upon them, had set fire to the city. Then the anger of the populace was turned against the Christians. They are subjected to every manner of cruelty and torture. Paul did not escape. He had been in Rome and preached the gospel of the kingdom. Had gone away in all probability to Spain. Nero's soldiers are sent after him. He is brought back to the City of Rome in chains and cast in prison. He has been given his first trial. He was tried for a crime of which he was innocent. We can imagine the scene which was presented when Paul was brought before Nero the first time. Nero is the greatest and most powerful man in the world. Paul is the poorest and the neediest. Between them there was the greatest possible difference.

"In the text there is an answer to the question. What is a Christian and what is Christianity? Paul mentions three things found in a Christian's life, the fight, the faith and the finish.

"In life every Christian has to meet the same enemies that Paul met—the world, the flesh and the devil. When Paul began his Christian life, the whole world was arrayed against him—the Christian church, his father's family, and all Judaism. While he waited in Jerusalem, he was absolutely alone. Against the bitterness and opposition of his friends, and the doubts of the other apostles, he had to fight.

"Against Satan himself he had to fight. Again and again the devil must have said to him, Paul you are eloquent and logical and powerful. If you would only preach yourself more and Christ less, you would bring all the world to your feet. But against all these Paul fought and won the victory through Jesus Christ.

"We wonder why a man should live such a wild and stormy life as Paul lived. He gives us the answer 'I have kept the faith.' This was Paul's faith—'God so loved the world that He gave His only begotten Son that whosoever believeth in Him might not perish but might have everlasting life.'

"Then comes the finish—Henceforth there is laid up for me a crown of righteousness. Paul is able to look back over his life, and then into the future. He has made in

Scott & Borne, Bloomfield, N.J. 19-28

life many mistakes. But all in all it was a good fight. In the not distant future he sees the crown of eternal life awaiting him. The old Marmartine prison was a horrible place, cold damp dark and dismal. History tells us that it was reeking with vermin and filth. In this place Paul's last days and nights on earth were spent. It was the best place in which to crush out a man's life and break his heart. Yet he wrote to Timothy one day, to preach the word, to be instant in season out of season. The need of this dying world is the gospel of Jesus Christ.

"This is the answer to what is a Christianity. It is that which lifts a man above time and surroundings, and makes him supremely happy. Nero may persecute his body but he can not crush his spirit. In the life to come he sees the crown of eternal life in the hand of God waiting for him. You may be rich and great in the sight of men, yet if at the close of your earthly career you can not say, I have fought a good fight, there is a crown awaiting me—you have made a failure of your life. You may be poor and forsaken and a failure in worldly matters, yet if you can say, God will give me the crown of life, you have made a great success of your career."

UNION MEETING IS HELD AT HOMER SUNDAY

Ministers of Other Two Churches Join Christian Union Pastor in Revival Service

\$300 RAISED FOR ARMENIANS

If the delegates that met in Philadelphia, Pa., last December to form the American Protestant churches into a great federation, could have dropped into Homer yesterday, they would have seen on a good sized scale the first of their dreams realized. The Christian Union church is holding their annual revival effort, and on yesterday the Christian and Baptist churches closed up for the evening service, and with their pastors went in a body to the Christian Union church, filling the beautiful temple to its utmost capacity.

The visiting pastors each took a very active part in the services. The Rev. Mr. Bakin of the Christian church conducted the song services, the Rev. Mr. Pay of the Baptist church read the evening lesson and offered prayer, and the local C. U. pastor, the Rev. P. O. Ort, preached the sermon, using for the theme of the evening, "Judgment." At the conclusion of the evening services, Walter E. Frazee of Rushville was introduced and told of the suffering of the Armenians, and in a very few moments nearly \$300 was raised.

The revival effort will continue through the coming week, and from the large crowds present at each service it can be safely said that much good is being accomplished. The Rev. P. O. Ort, the pastor, is conducting the meeting.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

THE BEST TEST

Is The Test of Time

Years ago E. L. Hinkle of 815 N. Jackson St., Rushville, told of good results from using Doan's Kidney Pills. Now Mr. Hinkle confirms the former statement—says there has been no return of the trouble. Can Rushville people ask for more convincing testimony?

"Sharp pains in my back radiated to all parts of my body and I was hardly able to walk," says Mr. Hinkle. "I couldn't rest well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes entirely cured me and made me feel like a different man. The terrible pains in my back left and my kidneys again acted regularly."

MORE THAN FIVE YEARS LATER, Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting. I never have anything more serious now, than an occasional tired feeling across my back. A few doses of Doan's soon fix that up."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

WOUNDED DRIVE TRACTORS

Le Courbat, France, Jan. 5. (By Mail.)—Twenty-seven Serbian war cripples have been graduated as tractor drivers from the American Red Cross training farm here. The entire group has been sent to Salomika to enter Serbia and engage in agricultural reconstruction.

The Franklin Sedan

Everything about the Franklin Sedan is aimed to enlarge its owner's sphere of usefulness, by eliminating waste all along the line — in time, physical energy, natural resources. In other words, the sedan conforms strictly to the need of the times. It is the ideal year-round car for the American people. The lightness and flexibility of the car allow the tires to roll lightly over the road, without severe pounding. So seldom, in fact, are Franklin owners called upon to change tires that it is more the exception than the rule for spare tires to be carried, except when natural wear makes liable a replacement.

RIOTING IS SUPPRESSED

Spartan Riots at Hamburg Stopped—Liebknecht's Funeral

(By United Press.)

Berlin, Jan. 25. (delayed).—Military officials were prepared for any eventualities in the funeral of Karl Liebknecht and 31 other Spartans, which passed off quietly, with more than 50,000 marching in the procession, which was five miles long. The

government had field guns and machine guns at frequent intervals along the route of procession and signs were posted warning citizens to remain orderly.

Berlin, Jan. 27.—Spartan riots in Hamburg has been suppressed by placing the city under martial law, according to an announcement to-day.

Obituaries

Nancy Elizabeth Ralston, daughter of Andrew and Anna Ralston, was born in Washington county, Pennsylvania, May 10th, 1834. She was married to John Hanen, February 17th, 1859. To this union were born nine children, of whom three died in infancy; and one, Mrs. John C. Elliott, died in October, 1899. The children still living are Mrs. Jacob C. Daubenspeck of White Bird, Idaho; Alexander C. Hanen, of Cambridge City, Indiana; Andrew R. and Joseph S. Hanen, both of Mays, Indiana; and Mrs. A. M. Taylor of Rushville, Indiana, at whose home she died on the early morning of January 21st, 1919. These with one sister Mrs. E. P. Lynn, of New London, Iowa, and ten grand children, remain to mourn for the departed.

Mrs. Hanen united with the Christian church at West Middletown, Pennsylvania, under the ministry of the Rev. Isaac Errett, sixty years ago, in which faith she lived till the end of her life. She was devoted to her family and friends, liberal with those from whom she differed in opinion, and a cheerful doer of whatever she considered to be her duty. Her motto seemed to be: "Do not squander time, for that is the stuff of which life is made;" and those who knew her best know that she labored on till the evening shadows were lengthening. 27141

COAL MINING PROBLEM UP IN LEGISLATURE

Miners Want Bill to Force Operators Under Provisions of Workmen Compensation Law.

2000 CASUALTIES IN 1 YEAR.

Indianapolis, Ind., Jan. 27.—Bitter fights in the legislature over matters concerning coal mining were prospect today. Miners are making an effort to have the legislature pass a bill which would force operators to come under the provisions of the present it is optional with the employer on whether or not a concern will operate under the law and about ninety per cent of the coal mine operators have elected not to accept the provisions of the act.

In an appeal to the legislators from the United Mine Workers of district No. 11, the miners declared that there were more than 2,000 casualties in Indiana mines in one year of which sixty were fatal accidents. Many of the widows and children of these cases were left without just compensation as a result, the complaint declares.

The bill, which would compel mine operators to pay the expense of shot firing in mines will be bitterly opposed by the operators. This bill has been presented at many sessions of the legislature but has never previously received sufficient support, the legislators taking the position that the question was one to be determined by a joint commission representing mine owners and minors and not by the law makers. A hearing on the measure will be held Monday night.

The bill now in the house which provides for a clearance of at least two feet between the sides of the mine cars and the walls of the mines will also be opposed by the mine operators. Miners have declared that a clearance of at least two feet is necessary for their safety.

DAILY HEALTH TALKS

The Troubles Women Have

BY L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief in those feminine disorders from which so many women suffer. He combined these roots and herbs into a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weakly, sickly, backache, headache, nervous, despondent woman, with regular or irregular pains—with feminine disorders that come in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, no charge being made for this high professional service. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!

Indianapolis: Private Charles A. Beck, Switz City.

Returned to duty—Private Finley M. Winningham, (previously reported missing in action), Terre Haute. Wounded slightly—Private Ollie McCune, Summitville; Private Harry N. Mercer, Indianapolis.

The command in chief, in the name of the President, has awarded the distinguished service cross to the following named Indiana officer and soldiers for the acts of extraordinary heroism described after their names:

Capt. Albert C. Rubel, 30th Engineers. For extraordinary heroism in action near Montfaucon, France, September 26, 1918, while reconnoitering to locate the Avocourt-Malan-court Road, Capt. Rubel was held up by an enemy machine gun on the parapet of a trench running parallel to the road. Capt. Rubel proceeded, ahead of two men of his platoon, and personally disposed of the two German gunners. He is from Greensburg.

Private Herman S. Seibel, Company D, 130th Infantry, A. S. 1979778. For extraordinary heroism in action near Bellicourt, France, September 29, 1918. With eight other soldiers, comprising the company headquarters detachment, Private Seibel assisted his company commander in cleaning out the enemy dugouts along a canal and capturing 242 prisoners. He is from Helmsburg.

Private George Riggle, Company D, 120th Infantry, A. S. 1979810. For extraordinary heroism in action near Bellicourt, France, September 29, 1918. With eight other soldiers, comprising the company headquarters detachment, Private Riggle assisted his company commander in cleaning out enemy dugouts along a canal capturing 242 prisoners. He is from Bellashurg.
